About Us:

We’re covering a lot of space! From Medical Devices to Notebooks to Heavy Duty Trucks, Washers/Dryers, Cell Phones, Safety Systems, Passenger Cars, Blue Tooth, VoIP, today the World of BeStar Acoustic Components is found in every space. If it makes a sound, or receives a sound it could be BeStar Acoustics, if it doesn’t make a sound, it could be BeStar Ultrasonics! Since the development of Acoustic User Interface took off, we have been keeping pace with our many different customers unique requirements. In the course of it all, we have developed hundreds of audio component solutions. So if you need simple alert tones, precise voice or high fidelity music reproduction, loudspeakers, electret condenser microphones, back up alarms, ultrasonic sensors, piezo buzzers, transducers, indicators, alarms, horns, sounders, bells, panel mount and more look through our online catalog. If you can’t find it here, send us a message, we probably have it developed, or are developing it right now! BeStar Electronics More than Whistles and Bells The world of electronic acoustic components is constantly evolving; here are some key differences that make BeStar your best choice audio component supplier: We’re the manufacturer; you’ll know where and how it was made. We meet all global quality systems standards including environmental ISO14001 We’re an engineered products company, not an importer or broker; we can be your center of expertise for acoustics. Because we’re the manufacturer, we can compete with anybody. BeStar: Teamwork, Technology, Invention, Listen, Hear Request a quote today for all of your acoustic components needs. We are your best choice for loudspeakers, buzzers, ultrasonic sensors and more!
