Facilities Confront "The New Heroin", Will Announce 96% Successful Stop of Opiate Abuse within 30 Days Treatment

TACOMA, Wash. and BOTHELL, Wash., May 18 /PRNewswire-USNewswire/ -- Four-Star General and former U.S. Drug Czar Barry McCaffrey will be the featured speaker at Tacoma Treatment Solutions' five-year anniversary celebration, Monday, May 24, 11 AM, 9500 Front Street, Lakewood, WA 98449.

On Tuesday, May 25, at noon, Gen. McCaffrey will also speak at the formal opening/ribbon cutting for Canyon Park Treatment Solutions, 22026 20th Ave., SE, Suite 101, Bothell, WA 9802. The facility had been located in Lynnwood.

The facilities are owned by CRC Health Group, the nation's largest provider of behavioral treatment services, with 140 facilities nationwide. Gen. McCaffrey, senior advisor to CRC, is Adjunct Professor at West Point and is a national media expert on international terrorism, national security, and drug policy issues.

Both facilities have special expertise in treating the explosion of prescription drug abuse. General McCaffrey called abuse of prescription drug opiates including OxyContin, which has as much as quintupled over the past decade, "The New Heroin." President Oba
