Allscripts Sunrise Electronic Health Record Receives ONC-ATCB 2011/2012 Certification as 'Complete EHR'

Bio-Medicine.Org

CHICAGO, Dec. 28, 2010 /PRNewswire/ -- Allscripts [1] (Nasdaq: MDRX [2]) announced today that Sunrise Acute Care, Version 5.5 and Sunrise Emergency Care Version 5.5 are 2011/2012 CCHIT compliant and were certified as Complete EHRs on December 21, 2010 by the Certification Commission for Health Information Technology (CCHIT®), an Office of the National Coordinator for Health Information Technology Authorized Testing and Certification Body (ONC-ATCB), in accordance with the applicable eligible provider and hospital certification criteria adopted by the Secretary of Health and Human Services. The 2011/2012 criteria support the Stage 1 meaningful use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

(Logo: http://photos.prnewswire.com/prnh/20100901/CG58147LOGO [3])

Additionally, Sunrise Acute Care Modular Version 5.5, Sunrise Emergency Care Modular Version 5.5, Sunrise Ambulatory Modular Version 5.5, and Sunrise Patient Portal Version 5.5 are all CCHIT 2011/2012 compliant and were also certified as EHR Modules on December 21, 2010 by CCHIT, in accordance with the applicable eligible provider and hospital certification criteria adopted by the Secretary of Health and Human Services.

Allscripts elected to submit Sunrise Acute Care and Emergency Care for certification as both a Complete and Modular EHR to accommodate hospitals that prefer to keep an existing third-party analytics product. Hospitals can either use the Sunrise Clinical Analytics embedded within Sunrise Acute Care or Sunrise Emergency Care to demonstrate the quality measure reporting requirement of Meaningful Use, or choose to integrate their third-party system to with Sunrise Acute Care Modular to sa
