New Cigna Medical Group Health Center Opens

The Associated Press

PHOENIX--(BUSINESS WIRE)--Jan 17, 2013--Cigna Medical Group is celebrating the opening of its Phoenix Central Multi Specialty Center with a grand opening celebration Thursday, Jan. 17, 2013 at 4 p.m. The center is located at 3003 North 3 rd Street (Southeast corner of 3 rd Street and Earll Drive).

The treatment center is designed to provide cutting-edge health care to Cigna customers through easy access to primary care physicians; digital imaging services with instant results using electronic medical records; vision services; a full service pharmacy; lab services; and outpatient surgery services. It also has another important customer in mind — mother nature.

“Cigna Medical Group is proud to share with the community that the building was not only built with patients in mind, but the materials used for the 95-thousand square foot facility will have a low impact on the environment,” said Edward Kim, president and general manager of Cigna Medical Group. “Our focus is the health of the community as a whole as well as the health of Cigna customers. People who may not have Cigna insurance, but who need help after hours can come to Phoenix Central for urgent care services and avoid long wait times that can be associated with seeking care in an emergency department.” The building runs on solar power and has a system in place designed to limit water and energy usage. The Phoenix Central facility is a candidate for LEED (Leadership in Energy and Environmental Design) certification.

The urgent care is open from 8 a.m. to 8 p.m., Monday through Friday, and is open weekends and holidays from 8 a.m. to 6 p.m.
