-Experts outline how to minimize risk and meet deadlines-

The Associated Press

SALT LAKE CITY--(BUSINESS WIRE)--May 9, 2012-- Scientists from Nelson Laboratories (www.nelsonlabs.com) will highlight the latest FDA trends in biocompatibility for medical device manufacturers attending the Medical Design and Manufacturing East Show, May 22-24, 2012 at the Nelson Labs exhibit booth in the Pennsylvania Convention Center in Philadelphia.

Thor Rollins, RM(NRCM), Nelson Labs section leader, will present FDA Trends Impacting Hemocompatibility & Genotoxicity including an ISO 10993 Update at the Innovation Briefs Theater in booth #589, on Wednesday, May 23 at 12:00 p.m.

"The presentation on the newest trends from the FDA on hemocompatibility and genotoxicity testing will explain what the changes mean for medical device manufacturers," said Rollins.

"Although these standards are not official, the information gives you insight on the current thinking from regulatory agencies." Nelson Labs will conduct the following 10-minute presentations at MD&M East exhibit booth #1237: Recent FDA Trends Impacting in vitro testing in Hemocompatibility - presented by Thor Rollins -- May 22 at 10:30 a.m. and 2:30 p.m., May 23 at 1:30 p.m., May 24 at 10:30 a.m. and 2:30 p.m.

Cleaning Validations for Newly Manufactured Devices - presented by Alexa Tatarian -- May 22 at 11:30 a.m. and 3:30 p.m., May 23 at 2:30 p.m., May 24 at 11:30 a.m.

Recent FDA Trends Impacting in vitro testing in Genotoxicity - presented by Thor Rollins -- May 22 at 12:30 p.m., May 23 at 10:30 a.m. and 3:30 p.m., May 24 at 12:30 p.m.

Cleaning Validations for Reusable Devices & Recent FDA Trends - presented by Alexa Tatarian -- May 22 at 1:30 p.m., May 23 at 11:30 a.m., May 24 at 1:30 p.m.

About Nelson Laboratories Based in Salt Lake City, Nelson Laboratories believes in TheScience of Success(TM). It's looking beyond test results and partnering with sponsors to achieve long-term business goals. It's approachable experts that guide you through ever-changing compliance requirements.

It helps mitigate risk, be first to market, and succeed with customers. Learn more at www.nelsonlabs.com.
