Global Peripheral Vascular Devices Market 2011-2015

Bio-Medicine.Org

NEW YORK, Sept. 5, 2012 /PRNewswire/ -- Reportlinker.com announces that a new market research report is available in its catalogue:

Global Peripheral Vascular Devices Market 2011-2015 [1]

http://www.reportlinker.com/p0615915/Global-Peripheral-Vascular-Devices-Market-2011-2015.html#utm_source=prnewswire&utm_medium=pr&utm_campaign=Cardiovascular_Devices

TechNavio's analysts forecast the Global Peripheral Vascular Devices market to grow at a CAGR of 6.5 percent over the period 2011-2015. One of the key factors contributing to this market growth is the increasing incidence of abdominal aortic aneurysms (AAAs) and peripheral arterial disease (PAD). The Global Peripheral Vascular Devices market has also been witnessing the increase in patent grants and US Food and Drug Administration (FDA) approvals. However, the adverse effects of cardiac pacemakers could pose a challenge to the growth of this market.

TechNavio's report, the Global Peripheral Vascular Devices Market 2011-2015, has been prepared based on an in-depth analysis of the market with inputs from industry experts. The report covers the Americas, and the EMEA and APAC regions; it also covers the Global Peripheral Vascular Devices market landscape and its growth prospects in the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors dominating this market space include Abbott Laboratories, Boston Scientific Corp., C.R.Bard Inc., Cordis Corp., and Medtronic Inc.

Other vendors mentioned in the report: ev3 Inc., Terumo Medical Corp., Sorin Group USA Inc., St. Jude Medical Inc., Zoll Medical Corp., 3M Company, Smith and Nephew plc, Nihon Kohden Corp., Asian Hear
