# HeartWare Presentation At The Barclays Capital 2012 Global Healthcare Conference To Be Webcast

Bio-Medicine.Org

FRAMINGHAM, Mass. and SYDNEY, March 6, 2012 /PRNewswire/ -- HeartWare International, Inc. (NASDAQ: HTWR [1] - ASX: HIN), a leading innovator of less invasive, miniaturized circulatory support technologies that are revolutionizing the treatment of advanced heart failure, today announced that CEO Doug Godshall is scheduled to present at the Barclays Capital 2012 Global Healthcare Conference at 11:15 am EDT on Tuesday, March 13, 2012. The conference is being held March 13-14, 2012 at the Loews Miami Hotel, Florida.

A live webcast of the Company's presentation at the conference will be available via a link provided at www.heartware.com [2]. A replay of the webcast will be available for 90 days at the site after the presentation.

**About HeartWare International**
HeartWare International develops and manufactures miniaturized implantable heart pumps, or ventricular assist devices, to treat Class IIIB / IV patients suffering from advanced heart failure. The HeartWare® Ventricular Assist System features the HVAD® pump, a small full-output circulatory support device (up to 10L/min flow) designed to be implanted next to the heart, avoiding the abdominal surgery generally required to implant competing devices. HeartWare has received CE Marking for the HeartWare System in the European Union and TGA approval in Australia. The device is currently the subject of United States clinical trials for two indications: bridge-to-transplant and destination therapy. For additional information, please visit www.heartware.com [2].

*HeartWare International, Inc. is a member of the Russell 2000® and its securities are publicly traded on The NASDAQ Stock Market and the Australian Securities Exchange.*
