Dental Lasers Market Outlook in BRICS (Brazil, Russia, India, China, South Africa) to 2018

Bio-Medicine.Org

NEW YORK, Jan. 10, 2013 /PRNewswire/ -- Reportlinker.com announces that a new market research report is available in its catalogue:

Dental Lasers Market Outlook in BRICS (Brazil, Russia, India, China, South Africa) to 2018 [1]

GlobalData's new report, "Dental Lasers Market Outlook in BRICS (Brazil, Russia, India, China, South Africa) to 2018" provides key market data on the Dental Lasers market in the BRICS countries. The report provides value ($m), volume (units) and average price ($) data for each segment and sub-segment within three market categories – Diode Lasers, ErYAG Lasers and CO2 Lasers. The report also provides company shares and distribution shares data for the overall Dental Lasers market in each of the aforementioned countries. The report is also supplemented with global corporate-level profiles of the key market participants with information on key developments, wherever available.

This report is built using data and information sourced from proprietary databases, primary and secondary research and in-house analysis by GlobalData's team of industry experts.

The emerging economies, comprising China, India, Brazil, Russia and South Africa, with a significantly large pool of under-served patients, represent the next big opportunity for the leading medical equipment and devices manufacturers. China remains the world's most populous country and is consequently home to a large patient bas
