**About Us:**

Celer Soluciones is a translation company founded in 1984. Located in Madrid, our company purpose is to provide translation services related to the written expression in one or more languages of texts, audiovisual recordings and IT material, etc., originally produced in a different language, and to carry out linguistic consultancy on terminology. We bring together, standardise and enhance our expertise in specialised translation using the most suitable technical and human resources.

Celer Soluciones provides translation services related to the written expression in one or more languages of texts, audiovisual recordings and IT material, etc., originally produced in a different language, and to carry out linguistic consultancy on terminology.
