About Us:

K-Sun Corporation

Published on Medical Design Technology (<http://www.mdtmag.com>)

Founded in 1978, K-Sun is an innovator of portable and desktop electronic label printers, software and supplies for marking and identification in laboratories, hospitals, industrial, manufacturing, lean/5S/visual workplaces, safety, law enforcement, wire/cabling, engineering, IT/datacom, electrical, construction, utilities, energy, and transportation plus offices, warehouses and shops across the world. Products include the BEE3®-EZ, BEE3+®-EZ. GREEN MACHINE®, a 2012 New Equipment Digest (NED) King Award winner, and the new PEARLabel® 270 and 360 printers, which are high-resolution label makers compatible with Windows®/Mac® and a free mobile app. The PEARLabel 360 is a 2013 NED King Award winner. With these superior labeling solutions, you can create custom adhesive, heat-shrink tube, and bar-code labels using thousands of industry standard graphics and preset wizards for safety, hazcom, visual communication, organization and warning needs. Supply cartridges are universal excepting some width capabilities, and include more than 125 colors/sizes of removable, regular and strong industrial adhesive, heat shrink tubing, wire flag, self-laminating wire wrap, iron-on fabric and specialty tapes.
