About Us:

Stabilus is the World's Leading Manufacturer of gas springs and hydraulic vibration dampers. Our non-locking and locking gas spring products assist with motion control (opening, closing, lifting, lowering, positioning) and user ergonomics. Products are used in a variety of medical applications including wheelchairs, mobile carts, wall cabinets, hospital beds, surgical lighting, and many more. Our engineering team is available for design assistance. Please contact us to discuss your specific application.
