Verify Brand is an experienced leader in developing and deploying digital authentication and track & trace solutions that go beyond compliance to achieve ROI. Verify Brand's market-leading serialization, traceability and digital authentication platform VB Enterprise is a single sourced comprehensive, end-to-end, turnkey solution that meets supply-chain security and management requirements for manufacturers across several industries. Verify Brand's Software as a Service (SaaS) offering provides optimized supply chain visibility through product secure Unique Identification (sUID) and the associated object data enabling brand owners to address numerous supply chain security and management challenges as well as rapidly emerging regulatory, commercial or government procurement requirements for serialization and traceability around the world. VB Enterprise is accessible globally and via mobile applications.
