

Health Network Laboratories (HNL) Enters Into License Agreement With Hunter Laboratories to Provide HunterHeart Cardiovascular Disease Management Program.

Bio-Medicine.Org

ALLENTOWN, Pa. and CAMPBELL, Calif., May 25 /PRNewswire/ -- HunterHeart offers physicians and patients sophisticated risk characterization and personalized therapy guidelines for cardiovascular disease. HNL will be performing a battery of advanced tests, offering an accompanying nutrition program, and wellness coaching. Gerry Weiss, MD, Hunter's Medical Director stated: "With appropriate risk characterization and treatment, cardiovascular disease can be prevented for many patients and MI and stroke events can be significantly reduced."

"HNL's reputation for quality, service and innovation is exceptional. Hunter is delighted to be working with HNL to reduce cardiovascular disease in PA and NJ," stated Chris Riedel, Hunter's CEO. HNL's President and CEO, David G. Beckwith Ph.D., stated that, "The HunterHeart program will assist our physicians in delivering comprehensive cardiovascular health advice to their patients, and establishes HNL as a center of excellence for preventive cardiology."
