

California Cryobank Welcomes New Director of Quality/Regulatory Affairs

Bio-Medicine.Org

LOS ANGELES, June 21 /PRNewswire/ -- [California Cryobank](#) [1] (CCB), a worldwide leader in biotechnology services, is proud to announce the recent hiring of Rama Tyagi as the company's Director of Quality/Regulatory Affairs. Tyagi's hiring into the newly created position echoes CCB's ongoing commitment to scientific excellence and progressive leadership in both the reproductive tissue and stem cell banking/services industries.

"Rama's extensive experience and career-long dedication to precision management and impeccable quality and regulatory compliance makes her a perfect fit for CCB," stated co-founder and CEO Charles Sims, M.D. "We are thrilled to have her join our team."

Tyagi brings to CCB extensive experience working with clinical and biopharmaceutical organizations including NeuroSystec Corporation, Genzyme Genetics, Kaiser Permanente, Children's Hospital of Greater Los Angeles, and UCLA.

Tyagi will also be working closely with California Cryobank's other divisions, [FamilyCord](#) [2] (cord blood stem cell banking), and [FertileFuture](#) [3] (private reproductive tissue storage).
