

## Siemens Showcases Broad Array of Innovative Diagnostic Solutions at 2010 AACC and ASCLS Annual Meetings and Clinical Lab Expo

Bio-Medicine.Org

ANAHEIM, Calif., July 28 /PRNewswire/ -- **Siemens Healthcare Diagnostics is showcasing a broad array of new products, services and solutions for clinicians at the American Association for Clinical Chemistry's 2010 Clinical Lab Expo in Anaheim, California from July 27 through July 29, 2010 (Booth #4820). The exhibit highlights "The Power of Possibilities" — demonstrating how Siemens is focused on putting the power behind all the possibilities through choice, people, performance and innovation. In addition to featuring customized diagnostic solutions that help customers stay competitive, Siemens is also hosting a number of in-booth educational presentations on topics such as process management, Vitamin D assessment, procalcitonin monitoring, parathyroid hormone standardization, healthcare reform and allergy testing.**
