

Landauer, Inc. Declares Regular Cash Dividend

Bio-Medicine.Org

GLENWOOD, Ill., Aug. 27 /PRNewswire-FirstCall/ -- **Landauer, Inc.** (NYSE: [LDR](#) [1]) announced today that its Board of Directors declared a regular quarterly cash dividend of \$0.5375 per share for the fourth quarter of fiscal 2010. The dividend will be paid on October 2, 2010, to shareholders of record on September 11, 2010.

About Landauer

Landauer is the world's leading provider of technical and analytical services to determine occupational and environmental radiation exposure and is the leading domestic provider of outsourced medical physics services. For more than 50 years, the Company has provided complete radiation dosimetry services to hospitals, medical and dental offices, universities, national laboratories, nuclear facilities and other industries in which radiation poses a potential threat to employees.

Landauer's services include the manufacture of various types of radiation detection monitors, the distribution and collection of the monitors to and from clients, and the analysis and reporting of exposure findings. The Company provides its dosimetry services to approximately 1.6 million people in the United States, Japan, France, the United Kingdom, Brazil, Canada, China, Australia, Mexico, Sweden and other countries. In addition, through its Global Physics Solutions subsidiary, the Company provides therapeutic and diagnostic physics services and educational services to the medical physics community.
