About NewCardio, Inc.

[NewCardio](#) [3] is a cardiac diagnostic and services company developing and marketing proprietary [software platform technologies](#) [4] to provide higher accuracy to, and increase the value of, the standard 12-lead ECG. NewCardio's 3D ECG software platform reduces the time and expense involved in assessing cardiac status while increasing the ability to diagnose clinically significant conditions which were previously difficult to detect. NewCardio's software products and services significantly improve the diagnosis and monitoring of cardiovascular disease, as well as cardiac safety assessment of drugs under development. For more information, visit www.newcardio.com [1].
