

# Stealthy Anexon raises \$7M for heart disease tech

Mass High Tech: The Journal of New England Technology

Stealthy cardiovascular biotech Anexon Inc. reports it has raised \$7 million in new venture financing, naming the prestigious Mayo Clinic as an investor.

On Tuesday, the Cambridge company filed [three separate documents](#) [1] with the U.S. Securities and Exchange Commission, reporting fundraises of \$2 million, \$3 million and \$2 million again. The last \$2 million is part of a planned \$12 million round, the company reported. It was not clear whether the investments were concurrent, or had come separately in the three years since Anexon was founded with a reported [\\$500,000 in seed money](#) [2] from Cambridge life sciences venture firm Healthcare Ventures.
