Industry Expert Brings Significant Record of Executive Leadership in Sales, Marketing and Global Business Development to Growing Company

PHILADELPHIA, PA 14 December 2010 ERT, a global provider of technology and services to the pharmaceutical, biotechnology and medical device industries, today announced the appointment of Klaus Besier to the Company's Board of Directors. This strategic appointment will enable ERT to draw on Mr. Besier's extensive experience and international perspective in helping companies develop, implement and execute global growth strategies to further penetrate health care and clinical markets.

Klaus Besier

Mr. Besier brings to ERT more than 30 years of executive experience in leading software technology companies. He has served as President and CEO of SAP America, Inc. and is credited with driving its growth in North and South America, Australia and New Zealand from \$50 million to \$1 billion in revenues in less than five years. In addition, as President and CEO of Firepond Inc., Mr. Besier took the company public in one of the most successful IPOs of 2000.

Mr. Besier also held the position of President and CEO of Neoware, Inc., where he drove significant changes in the company's go-to-market and partner strategies. The improved corporate structure led to significant growth and visibility for the organization, resulting in its acquisition by HP in 2007 with a total transaction value of more than \$300 million. Most recently, Mr. Besier served as CEO of Pramata, Inc., where he refined a go-to-market strategy that is steering the company toward

growth with Fortune 500 customers. Today, he is the CEO of RES Software and a member of the Board of Directors of ICG Commerce.

Joel Morganroth, Chairman and Chief Scientific Officer of ERT, comments, "ERT strives to continually improve in all areas of business and grow into adjacent and complementary markets, ensuring our pledge to our customers of 'getting it done right.' With his wealth of experience and capabilities in developing and implementing successful growth strategies, we are confident that Klaus will greatly contribute to the strategic direction of the business and help ERT achieve its many goals."

Klaus Besier adds, "As the industry leader in cardiac safety, respiratory and multi-mode ePRO solutions for the clinical trial market, ERT has provided unparalleled scientific and regulatory leadership to the global health care industry. I am delighted to be part of a strong management team consisting of individuals who share a long industry track record. I look forward to working with them to take ERT to an even higher level of leadership and technological innovation."
