

## **RUSNANO invests \$700 Milion in Plastic Logic, aiming to establish a commercial plastic electronics industry in Russia**

I-Micronews

The Russian Corporation of Nanotechnologies (RUSNANO) and Plastic Logic today announced they have finalized details of RUSNANO's investment in the company, which is the global leader in the emerging field of plastic electronics. The investment project, which will total \$700 million, includes building the world's largest volume production factory for Plastic Logic's next-generation plastic displays in Zelenograd, and aims to establish a commercial plastic electronics industry in Russia.
