

Caliper Life Sciences to Present at Jefferies 2011 Global Healthcare Conference

Bio-Medicine.Org

HOPKINTON, Mass., May 31, 2011 /PRNewswire/ -- Caliper Life Sciences, Inc. (NASDAQ: [CALP](#) [1]) today announced that its presentation at the Jefferies 2011 Global Life Sciences Conference, will be webcast on Wednesday, June 8 at 11:00 a.m. EDT. Kevin Hrusovsky, President and CEO of Caliper, will be providing an update on the company's business. The live webcast can be accessed at <http://www.wsw.com/webcast/jeff60/calp/> [2]. An archived presentation will be available for 90 days.

About Caliper Life Sciences

Caliper Life Sciences is a premier provider of cutting-edge technologies enabling researchers in the life sciences industry to create life-saving and enhancing medicines and diagnostic tests more quickly and efficiently. Caliper is aggressively innovating new technology to bridge the gap between in vitro assays and in vivo results and then translating those results into cures for human disease. Caliper's portfolio of offerings includes state-of-the-art microfluidics, lab automation and liquid handling, optical imaging technologies, and discovery and development outsourcing solutions.
