

HeartWare to Present at the 2011 Bank of America Merrill Lynch Health Care Conference

Bio-Medicine.Org

FRAMINGHAM, Mass., and SYDNEY, May 6, 2011 /PRNewswire/ -- HeartWare International, Inc. (NASDAQ: [HTWR](#) [1] - ASX: HIN), a leading innovator of less invasive, miniaturized circulatory support technologies that are revolutionizing the treatment of advanced heart failure, today announced that CEO Doug Godshall is scheduled to make an investor presentation at the Bank of America Merrill Lynch Health Care Conference at 10:40 a.m. Pacific Time (1:40 p.m. ET) on Tuesday, May 10, 2011. The conference is being held May 10-12, 2011 at the Encore at Wynn in Las Vegas.

A live webcast of the Company's presentation at the conference will be available via a link provided at www.heartware.com [2]. An archived replay of the presentation will also be available shortly after the presentation time until May 27, 2011.

About HeartWare International

HeartWare International develops and manufactures miniaturized implantable heart pumps, or ventricular assist devices, to treat Class IIIB / IV patients suffering from advanced heart failure. The HeartWare® Ventricular Assist System features the HVAD® pump, a small full-output circulatory support device (up to 10L/min flow) designed to be implanted next to the heart, avoiding the abdominal surgery generally required to implant competing devices. HeartWare has received CE Marking for the HeartWare System in the European Union. The device is currently the subject of United States clinical trials for two indications: bridge-to-transplant under a continued access protocol and destination therapy. For additional information, please visit www.heartware.com [2].

HeartWare International, Inc. is a member of the Russell 2000® and its securities are publicly traded on The NASDAQ Stock Market and the Australian Secur
