

CIVCO Showcases RFSuite RFID Tracking and Verification System at AAPM 2011 Booth #817

Bio-Medicine.Org

KALONA, Iowa, July 20, 2011 /PRNewswire/ -- CIVCO Medical Solutions is showcasing its RFSuite RFID tracking and verification system at AAPM booth #817. CIVCO is also hosting an RFSuite Symposium Monday, August 1st, from 12:30 - 2 p.m., in the Mackenzie Ballroom at the Fairmont Waterfront, Vancouver. The event will include lunch, pre-registration is required, and spots are still available. [Click here to view the invitation and register](#) [1]. CIVCO's RFSuite Symposium will include several speakers experienced with RFID technology, including Todd Pawlicki, Ph.D., Director of Medical Physics and Clinical Operations at Moores Cancer Center in San Diego, California, and Alfredo Siochi, Ph.D., Assistant Professor and Director of Medical Physics Education in the Department of Radiation Oncology at the University of Iowa Hospital and Clinics in Iowa City, Iowa. Moores Cancer Center has been using CIVCO's RFSuite for nearly a year.

"RFSuite and other innovative CIVCO solutions are providing the clinical community with today's tools needed to enhance safety and ensure the effective delivery of radiation therapy," said Geoffrey Dalbow, Chief Technology Officer for CIVCO. "We are collecting compelling clinical data on the use of RFID technologies to reduce errors and improve radiation oncology workflow at both Moores Cancer Center in San Diego, California, United States, and Hospital San Raffaele in Milan, Italy." CIVCO will also sponsor an RFID and Workflow Consortium at AAPM to learn more about the clinical benefits of RF technology.

The RFSuite system uses RFID technology to track patients, staff and equipment and to provide accessory and patient identity verification for treatment. "The use of RFID technolo
