

## **Cook Medical Renews Contract with Premier Healthcare Alliance, Extends Pricing Agreements on Specialty Urology Products for More than 2,500 U.S. Hospitals**

Bloomington, Ind. – Hospitals around the country have three more years of access to a specialty urology agreement with an extensive line of specialty urology products at special pricing after Cook Medical and the Premier healthcare alliance renewed their contract to provide Cooks urology products to more than 2,500 hospitals.

Premiers renewed contract, beginning on Jan. 1, 2012, demonstrates recognition of the significant cost savings and inventory streamlining the hospitals receive. The contract provides member hospitals with Cooks line of endourological products, including Cook-exclusive products such as the Resonance® Metallic Ureteral Stent, the NGage® Nitinol Stone Extractor, and the Bigopsy® Backloading Biopsy Forceps. Because of Cooks technically advanced and broad line of products, the contract allows participating hospitals to primarily use one vendor for endourological product needs.

Cooks contracts reduce the need for hospitals to use multiple vendors, saving time and money when managing inventory. With more than 25 products launched in the last six years for the endourology space, Cooks product portfolio boasts one of the most complete product offerings on the market. A hospital contracting with Cook recently reported more than 50 percent in cost savings.[1]

"Cook is very pleased to be continuing this partnership with Premier," said Jean-Marc Creissel, global leader of Cooks Urology division. "This contract is a great example of the way industry can work with purchasing groups to meaningfully impact the rising costs of health care."

About the Premier healthcare alliance, Malcolm Baldrige National Quality Award Recipient

Premier is a performance-improvement alliance of more than 2,500 U.S. hospitals and 80,000-plus other health care sites using the power of collaboration to lead the transformation to high-quality, cost-effective care. Owned by hospitals, health systems and other providers, Premier maintains the nation's most comprehensive repository of clinical, financial and outcomes information and operates a leading health care purchasing network. A world leader in helping deliver measurable improvements in care, Premier has worked with the Centers for Medicare & Medicaid Services and the United Kingdom's National Health Service North West to improve hospital performance. Headquartered in Charlotte, N.C., Premier also has an office in Washington. <http://www.premierinc.com> [1]. Stay connected with
