

## **St. Jude Medical Announces Death of Board Member Thomas H. Garrett**

The Associated Press

ST. PAUL, Minn.--(BUSINESS WIRE)--Aug 23, 2012--St. Jude Medical, Inc. (NYSE:STJ), a global medical device company, today announced that Thomas H. Garrett, III, the longest tenured member of its Board of Directors, has died after a courageous battle with multiple myeloma, a type of blood cancer.

“On behalf of the Board of Directors and the employees of St. Jude Medical, we extend our deepest sympathies to Tom's family and friends and the many colleagues whose lives he touched,” said Daniel J. Starks, chairman, president and chief executive officer of St. Jude Medical. “For the past three decades, Tom has embodied the profound integrity and commitment to excellence that defines our industry. We thank him for the many contributions he has made to St. Jude Medical. He will be missed.” Tom Garrett joined the St. Jude Medical Board of Directors in 1979 shortly after the company was founded. Over the next three decades, he was instrumental in advising St. Jude Medical through a number of transitions, including the appointment of more than six CEOs, and continued to play an important role in the navigation of legal matters the company faced at critical points throughout its development.

In honor of his many significant contributions to the company, St. Jude Medical renamed its scholarship program to the Thomas H. Garrett St. Jude Medical Scholarship Program in 2011. Through this program, St. Jude Medical will continue to provide assistance with college tuition to employees' children in his memory.

About St. Jude Medical St. Jude Medical develops medical technology and services that focus on putting more control into the hands of those who treat cardiac, neurological and chronic pain patients worldwide. The company is dedicated to advancing the practice of medicine by reducing risk wherever possible and contributing to successful outcomes for every patient. St. Jude Medical is headquartered in St. Paul, Minn. and has four major focus areas that include: cardiac rhythm management, atrial fibrillation, cardiovascular and neuromodulation.
