About Obagi Medical Products, Inc. Obagi Medical Products is a specialty pharmaceutical company that develops, markets and sells, and is a leading provider of, proprietary topical aesthetic and therapeutic prescription-strength skin care systems in the physician-dispensed market. Using its Penetrating Therapeutics™ technologies, Obagi Medical's products are designed to improve penetration of agents across the skin barrier for common and visible skin conditions in adult skin including premature aging, photodamage, hyperpigmentation (irregular or patchy discoloration of the skin), acne, sun damage, rosacea, and soft tissue deficits, such as fine lines and wrinkles. Obagi Medical's portfolio, which includes cosmetic, over-the-counter and prescription products, including 4% hydroquinone, is sold and promoted only through physician offices and requires education by a physician on proper use. Obagi's skin care products include: Obagi Nu-Derm®, Obagi-C® Rx (a prescription-strength vitamin C and hydroquinone system), Obagi® Professional-C (a line of highly stable vitamin C serums), Obagi Condition & Enhance® for use with cosmetic procedures to enhance patient outcomes and satisfaction, Obagi ELASTIderm® Eye Treatments and Obagi CLENZIderm® M.D. acne therapeutic systems, a formulation of Obagi CLENZIderm M.D. Systems for normal to dry skin, and Obagi ELASTIderm Décolletage System, Obagi Rosaclear® System, Obagi ELASTILash® Eyelash Solution, Obagi Blue Peel RADIANCE®, Nu-Derm® Sun Shield SPF 50 and Nu-Derm® Hydrate.
