**CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS** This press release may contain "forward-looking statements" as defined under U.S. federal securities laws. These statements reflect management's current knowledge, assumptions, beliefs, estimates, and expectations and express management's current view of future performance, results, and trends. Forward looking statements may be identified by their use of terms such as anticipate, believe, could, estimate, expect, intend, may, plan, predict, project, will, and other similar terms. Forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to materially differ from those described in the forward-looking statements. The reader should not place undue reliance on forward-looking statements. Such statements are made as of the date of this press release, and we undertake no obligation to update such statements after this date. Risks and uncertainties that could cause our actual results to materially differ from those described in forward-looking statements are discussed in our filings with the Securities and Exchange Commission (including those described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2011 and our Quarterly Report on Form 10-Q for the quarter ended September 30, 2012, in each case under the heading "Risk Factors" and elsewhere in such filings). By way of example and without implied limitation, such risks and uncertainties include: future actions of the United States Attorney's office, the FDA, the Department of Health

and Human Services or other U.S. or foreign government authorities that could delay, limit or suspend our development, manufacturing, commercialization and sale of products, or result in seizures, injunctions, monetary sanctions or criminal or civil liabilities; any actual or alleged breach of the Corporate Integrity Agreement to which we are subject through September 2015 which could expose us to significant liability including exclusion from Medicare, Medicaid and other federal healthcare programs, potential criminal prosecution, and civil and criminal fines or penalties; adverse outcomes in existing product liability litigation; new product liability claims; inadequate insurance coverage; the possibility of private securities litigation or shareholder derivative suits; demand for and market acceptance of our new and existing products; potentially burdensome tax measures; lack of suitable business development opportunities; product quality or patient safety issues; challenges to our intellectual property rights; geographic and product mix impact on our sales; our inability to retain key sales representatives, independent distributors and other personnel or to attract new talent; inventory reductions or fluctuations in buying patterns by wholesalers or distributors; inability to realize the anticipated benefits of restructuring initiatives; negative impact of the commercial and credit environment on us, our customers and our suppliers; and the potentially negative effect of our ongoing compliance enhancements on our relationships with customers, and on our ability to deliver timely and effective medical education, clinical studies, and new products.
