

Flash: IRS releases final guidance on the medical device tax

Mass Device

The Internal Revenue Service releases long-awaited guidance on the 2.3% medical device excise tax.

The IRS has released its final guidance on how the agency intends to regulate and enforce the 2.3% medical device excise tax, slated to go into effect in 2013.

The 58-page report from the federal agency was released Wednesday morning and can be downloaded [here](#) [1].
