Funding: eZono completes \$10M round

Mass Device

eZono AG, portable tablet ultrasound systems developer raises \$10 million equity financing from MVM Life Science Partners.

German medical device company eZono AG, which develops portable tablet ultrasound systems, landed \$10 million funding from MVM Life Science Partners to expand its R&D operations.

In addition, MVM partner Hugo Harrod will join eZono's board of directors, according to the press release.
