

Stryker And DePuy Pinnacle Hip Lawsuit Settlement News Update

PR Newswire

NEW YORK, May 16, 2013 /PRNewswire/ -- Legal-Bay LLC, the Lawsuit Settlement Funding Company, has issued an update on two major hip implant litigations in the mass tort market. And the results are completely different.

Legal-Bay believes the Stryker hip litigation on the ABG II and the Rejuvenate which have been already recalled by the company will see a smoother road for plaintiffs looking for a settlement in the not so distant future. However, plaintiffs or victims of the "metal on metal" Pinnacle DePuy could be in for a longer fight, says Legal-Bay.

Legal-Bay is a plaintiff advocate firm for mass tort cases, and is in the process of launching an affiliated Mass Tort Help Website. Legal-Bay has been actively providing pre-settlement lawsuit funding to all victims of hip recall cases or metal on metal cases, including Zimmer, DePuy ASR and Pinnacle, Stryker, Biomet, and also Wright hips. Legal-Bay has provided needy plaintiffs up to \$50K for living needs prior to their cases settling. However, in one case, Legal-Bay has offered \$250K to a plaintiff who won a large jury award in Los Angeles, CA.

Legal-Bay has not only been active funding hip cases, but has also provided plaintiffs with referrals to law firms to ascertain if they have a hip lawsuit claim. "We remain in touch with many experts close to these various hip litigations, and it seems that Johnson & Johnson is taking a hard line on the Pinnacle Hip plaintiffs even though the "metal on metal" components are very similar to the ASR Model. We are being told that the DePuy Pinnacle litigation could drag out for many years, at least until the ASR litigation winds down. However, in contrast, the Stryker voluntary recall settlement could be fast tracked over the next two year period since the two hips in question have been pulled from the market already. Regardless, we remain committed to both our Stryker and [DePuy lawsuit funding](#) [1] clients," says Chris Janish , CEO of Legal-Bay.

Legal-Bay continues to fund both the Stryker hips and the DePuy ASR and Pinnacle plaintiffs that need cash today to pay living expenses. Legal-Bay says both litigations are complex and individuals that have not consulted with an attorney yet, should do so immediately, as the time to file a claim is ticking. If you are interested in a free legal consultation from a [Stryker rejuvenate lawyer](#) [2] or DePuy Pinnacle Lawyer and need a law firm referral, you may contact Legal-Bay who will put you in touch with a hip lawyer.

You may apply online for up to a \$50K [hip lawsuit funding](#) [3] or for a hip lawyer referral at: lawsuitssettlementfunding.com [4] or by calling 877.571.0405 where live agents are always available to answer your hip litigation questions.
