

Motion Control Products

This 16-page, color brochure, "Specify With Confidence" is designed to provide a comprehensive look at the capabilities, experience, and value Baldor brings to customers. The brochure discusses the company's stock products, modified and custom products; its electrical and mechanical design capabilities; application solutions; and the latest electronic and cyber tools available from Baldor. The brochure is designed with consulting and specifying engineers in mind, as well as design engineers, and plant and maintenance engineers.
