

Sensors

Company has extended its line of sensors. The additions include 5.0 mm extended distance sensors, AC and DC rectangle photo sensors, light screens, and DIN-rail mountable fiber optic amplifiers, which offer a built-in adjustable timer function. Also available are short-body proximity sensors in 8 and 12 mm sizes, analog output proximity sensors in 8, 12, 18, and 30 mm sizes, ultrasonic sensors in 18 and 30 mm sizes, and non-metal photo or round fiber amplifiers in 18 mm sizes. Further, 8 and 12 mm extension cables have been added.
