## **Fasteners (1593)**

Concealed-head self-clinching studs and standoffs can be mounted permanently in steel or aluminum sheets as thin as 0.062 in. These stud and standoff fasteners promote flush assemblies due to their concealed-head capability, which enables the side of the sheet opposite installation to remain smooth and unaffected by the fastening process.

&#149 Thread sizes (studs): #4-40 through #10-32 and M3 through M5

&#149 Lengths (studs): 0.25 in. through 1.0 in. and 6 mm through 25 mm

&#149 Thread sizes (standoffs): #4-40 through 1/4-20 and M3 through M6

&#149 Lengths (standoffs): 0.187 in. through 1.0 in. and 4 mm through 25 mm
