

## Electrical Safety Compliance Analyzers

Model 7700 is a 3-in-1 tester that features 5 KV AC Hipot at 100 mA (500VA), 6 KV DC Hipot at 10 mA, and insulation resistance testing. The Model 7704 is a 4-in-1 tester that features 5 KV AC Hipot at 100 mA (500VA), 6 KV DC Hipot at 10 mA, insulation resistance, and 30 Amp Ground Bond testing. These testers provide flexibility to manufacturers who need to perform a variety of product safety tests including a 500 VA Hipot test. They are able to meet their requirements with a single instrument that is more cost-effective than purchasing several to fill the same requirements.
