

## Light-Duty Footswitch

The Series 600 footswitch features a 4 in. wide target that won't tip when stepped on because it has an extended steel base and a non-skid pad for added stability. Designed with a formed and contoured cover pedal which has no gaps on the sides, users can confidently step corner-to-corner on this footswitch without worrying about catching a corner or tipping it over. Made from steel with a durable powder coating and non-skid rubber base pad, the footswitch is 4 in. W x 1.5 in. H x 3.75 in. D. This wide target, light-duty footswitch can be equipped with a variety of cordsets, plug styles, and custom colors to match customer requirements.
