

Jumper Cordset

The Sheet E/C5 Jumper cordsets are for equipment rated 2.5 amps with service up to 250 VAC. The cordsets have North American and European approval. They are available with an IEC 60320 Sheet E plug connector, 3 x 0.75 mm²/18 AWG universal cable, and an IEC 60320 C5 connector. They are in stock with a length of 1.8 meters. Applications include connection of an IEC 60320 Sheet F outlet to an IEC 60320 C6 power inlet.
