

EMC Filters Product Profile

EPCOS has published *EMC Filters Product Profile 2007*. The full-color, 62-page brochure features a handy selector guide; detailed data regarding filters for power lines (1-line filters, 2-line-filters, 3-line filters, filters for regenerative converters, and customer-specific filters); detailed data regarding shielded rooms (filters for power lines, filters for communication lines); EPCOS services and accredited EMC laboratory; mounting instructions; components for discrete filter solutions; and environmental protection. *Information: www.epcos.com.*
