

Medical Desktop Switcher

Responding to the demand for higher power portable medical devices, the PMP150 Series of medically approved desktop AC/DC power supplies is offered. These units provide 150 Watts of power in an ultra-compact 3.0 inches× 8.17 inches× 1.72 inches package. The PMP150 Series has active power factor correction, a 90-264 VAC input, and offers single output models ranging from 12 VDC up to 48 VDC. Input to output isolation is 4,000 VAC.
