## **TPU Suction Cups**

TPU non-marking suction cups leave no trace on the objects being handled and are available in 20-, 30-, 40-, and 50-mm sizes in flat and single bellows designs that are suitable for level adjustment. Designed for handling flat, smooth, hard materials and painted products in their finished state, they can be supplied with fittings and suspensions for EOAT. Ideal for handling glass, ceramics, optics, stainless steel, and painted products, the suction cups are transparent white and operate over a -4&#176F to 176&#176F temperature range.
