

## **Quickparts Assists in Manufacturing POWRsyringe for Pinyons Medical Technology**

Quickparts has recently completed a project known as the POWRsyringe Injector that won a prestigious Medical Design Excellence Award (MDEA). The POWRsyringe was named one of the finalists in the Medical Design Excellence Award's General Hospital Devices and Therapeutics product category. The annual award recognizes global medical device companies and engineering teams for innovation and contributions to patient care.

"We are very excited to be part of the process that creates award winning medical parts. The POWRsyringe is an excellent example of a team that believes in bringing technology and innovation together for the purpose of helping mankind, and that is always something that we are proud of," said Patrick Hunter, Vice President of Sales and Marketing at Quickparts.

Pinyons design team included contributions from Glove Med Tech (Houston, TX), Integrated Bioscience (Harrisburg, PA), and West Pharmaceutical (Montgomery, PA).
