

Website for Remanufactured, OEM Certified Packaging Machinery

Packaging equipment supplier Multivac Inc. has launched a website dedicated to its Certified Pre-owned and Remanufactured equipment business. Those interested in purchasing Pre-owned or Remanufactured Multivac equipment can find full details and instructions at this website. Machines selected for remanufacturing are completely disassembled, sanitized, and restored to OEM standards at the company's U.S. manufacturing facility in Kansas City, MO. *Information:* www.multivacresale.com [1].
