

## **Medical Injection Molder and Contract Manufacturer**

C&J Industries is an ISO 13485:2003 and ISO 9001:2008 certified medical injection molder and FDA registered medical device contract manufacturer. For more than 30 years, C&J has been supplying device assemblies and plastic components to the biggest names in the healthcare industry. With 50 years of product design, molding and assembly experience, we support both IQ, OQ, PQ validation protocols and packaging/sterilization validations for the ophthalmologic, pharmaceutical, IVF and surgical markets. Recently expanded Class 8 clean room is equipped with best-in-class all-electric presses. The company's newest \$6 million expansion is expected to be complete in June 2011.
