

Brazilian 10Amp Rewireable Plug and Connector

Interpower Corporation is proud to announce that it has expanded its plug, socket, and connector product line to include Brazilian rewirable plugs and connectors.

Interpower Corporation now offers a 10A/250VAC rewirable plug [88040200](#) [1] and connector [88040210](#) [2] for use in Brazil. These new products are approved by INMETRO, and are tested by TUV. The mating 10A plug and connector offer a special locking feature for safety.

Interpower Corporation offers no minimum order requirements. Same day shipments are available for stock item orders received by 6 p.m. CST. For technical information including drawings and approval documents, or to place an order, please contact our Customer Service Department from 7 a.m. to 7 p.m. CST at (800) 662-2290, email sales@interpower.com [3], or visit our website at www.interpower.com [4].
