

Clippard 10 mm Miniature Electronic Valves

[Clippard Instrument Laboratory, Inc.](#) [1]

Varies

Offered in both Normally-Open or Normally-Closed models, these 2-way and 3-way valves are perfect for small areas where compact electronically-controlled pneumatics are needed. This series has a high strength, engineered light-weight glass filled nylon body, along with stainless steel, copper and Buna-N, making it suitable for a broad range of applications. With exceptional life and reliability this is the perfect sub-miniature valve for tomorrow's needs in a wide variety of industries. Call today for a complete catalog!
