

Clippard Oxygen Clean Valves

[Clippard Instrument Laboratory, Inc.](#) [1]

Clippard's Oxygen Clean valves are available in 2-way or 3-way, Normally-Closed or fully ported configurations. They provide safety of operation in Oxygen applications with quick response, low power consumption, long life, and unlimited flexibility in design. The valves are ultrasonically cleaned, assembled, inspected and tested in an enclosed controlled area with a state-of-the-art positive pressure HEPA filtration system.
